

Turn To Me

Lyric by: Martin H. Samuel

when you've got nowhere to go
and there's no one you know
you can turn to
turn to me

when you've got nowhere to run
and there's no one who'll come
you can turn to
turn to me

turn to me in times of trouble
turn to me in times of need
when you feel there's hurt inside you
I'll stay beside you
baby you can turn to me

when you've got nowhere to hide
and there's no one whose side
you can turn to
turn to me

when there is nowhere to fall
and there's no one at all
you can turn to
turn to me

turn to me in times of trouble
turn to me in times of need
when the blues all surround you
I'll stay around you
baby you can turn to me

sometimes it seems you're the only one
got your back up against the wall
but just hold on
sometimes it seems that no one cares
all you gotta do is call
and I'll be there ... oh yeah yeah

turn to me in times of trouble
turn to me in times of need
when the whole world seems to fail you
I'll stay whatever ails you
baby you can turn to me
turn to me
turn to me
yeah yeah ... turn to me
turn to me
